| 08 | **TunnelGate** | Secure remote desktop |
| 09 | **SEO & SERP tracking** | Rankings you can read |
| 10 | **Payroll** | Salary · PF · TDS |
| 11 | **POS** | Billing · stock · GST |

Previews are demonstrations on sample data. They show how each system behaves, not a client deployment. BeForth was founded in 2025 and is based in Nashik.

# Custom ERP

Our live chat (Tawk.to) sets cookies and loads only if you accept. Cookie Policy, Privacy Policy

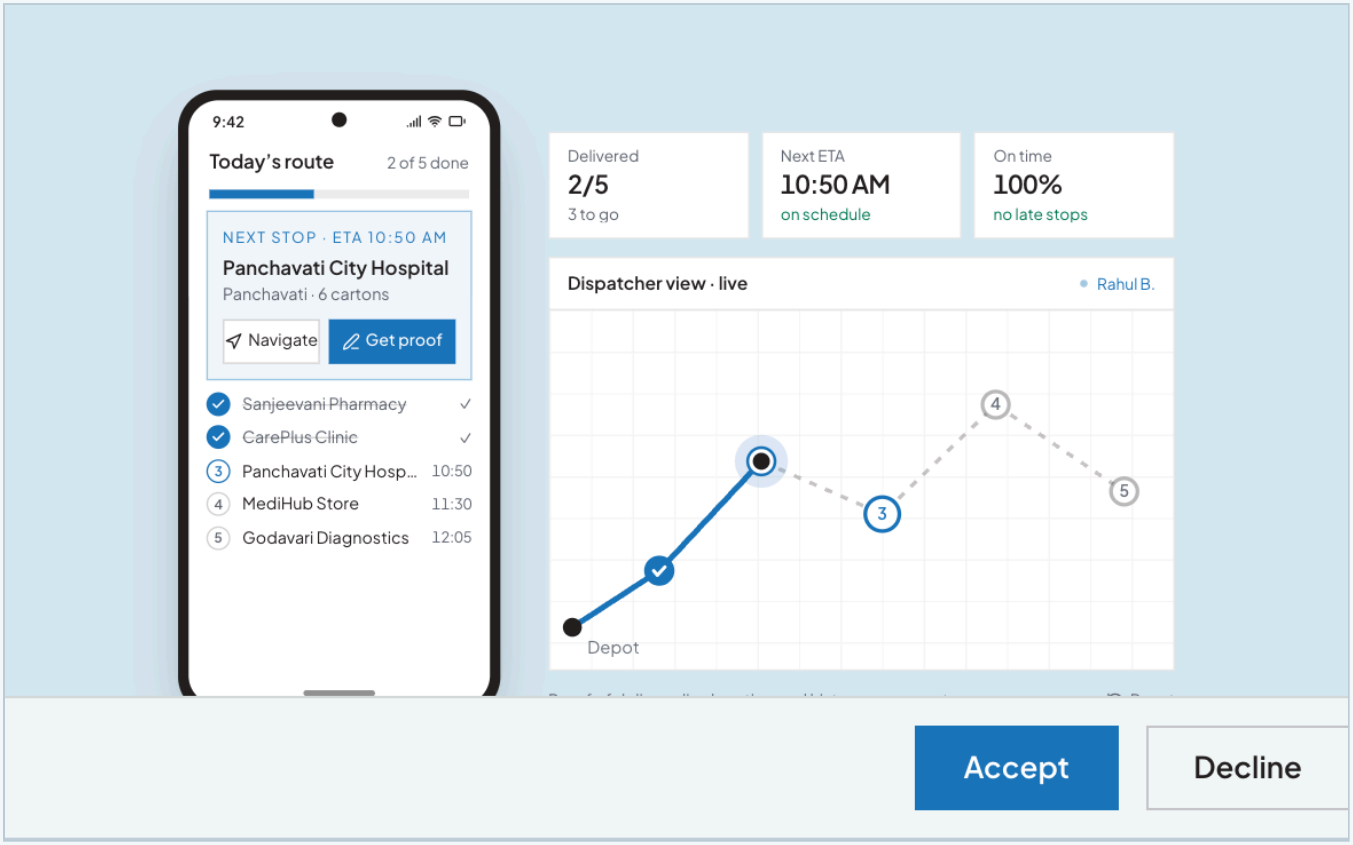

Sales, purchase, inventory, approvals and reporting in one connected system, designed from your workflows rather than a generic template. Start with the processes you need today and add modules as the business grows.

**Built for** Manufacturing, pharma, distribution and service companies

MODULES

- ✓ Sales and purchase
- ✓ Inventory
- ✓ Approvals
- ✓ Production workflows
- ✓ People and finance
- ✓ Reports and dashboards

# Delivery tracking

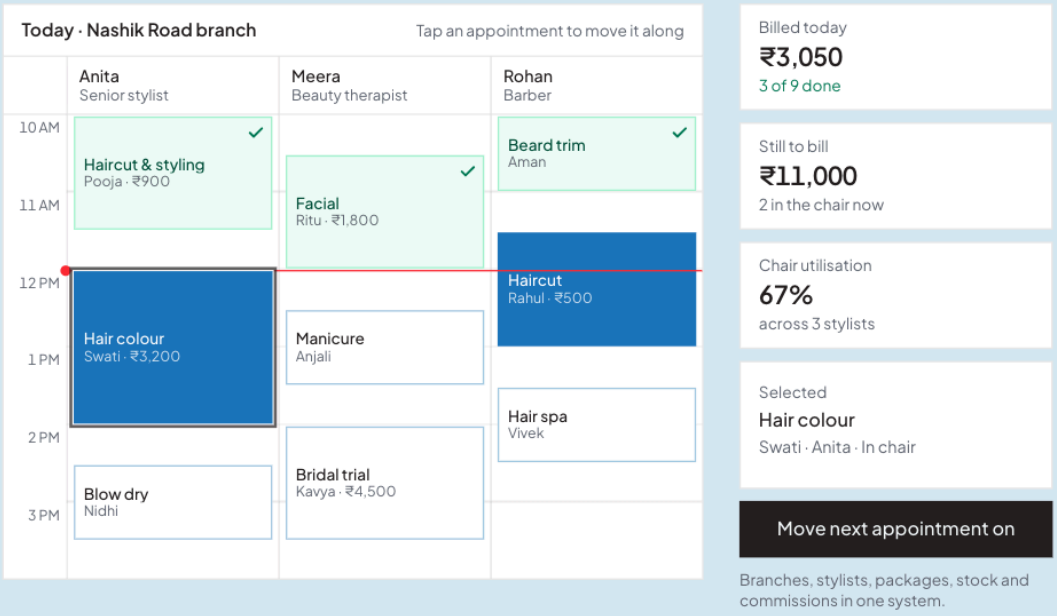

A delivery app for your drivers and a live view for your office. Routes are assigned, every drop is proved at the door, and the status of every order is visible the moment it changes.

**Built for** Pharmacy and healthcare distribution

INCLUDES

- ✓ Assigned routes and tasks
- ✓ Proof of delivery
- ✓ Live location
- ✓ Notifications
- ✓ Special handling
- ✓ History and reports

# Salon ERP

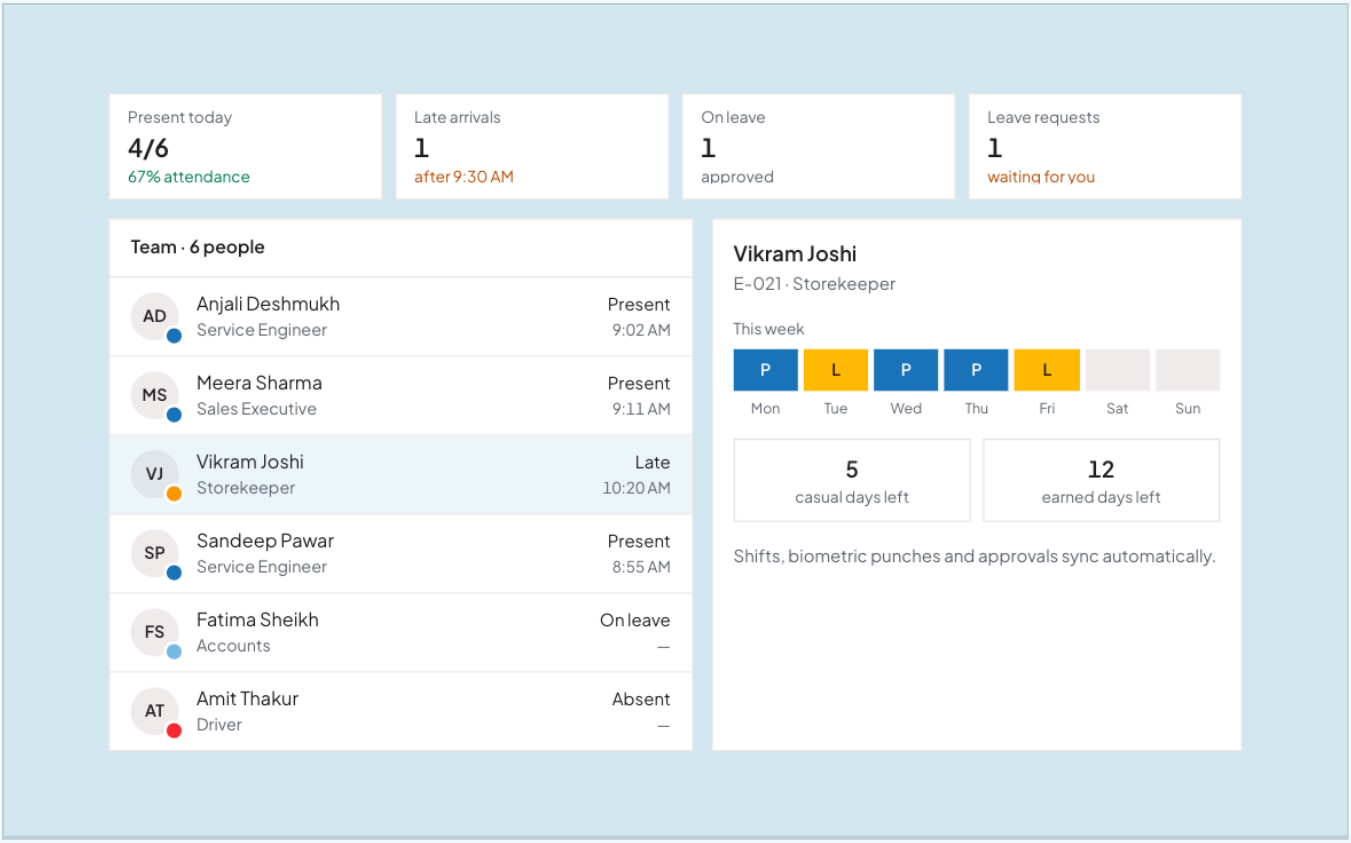

Appointments, stylists, billing, packages, stock and commissions in one place. Owners see every branch; managers and reception see their own.

**Built for** Multi-branch salons and spas

INCLUDES

- ✓ Appointment calendar
- ✓ Billing, packages and memberships
- ✓ Stylist commissions
- ✓ Retail and consumable stock
- ✓ Branches and roles
- ✓ Reports that answer questions

# HRMS

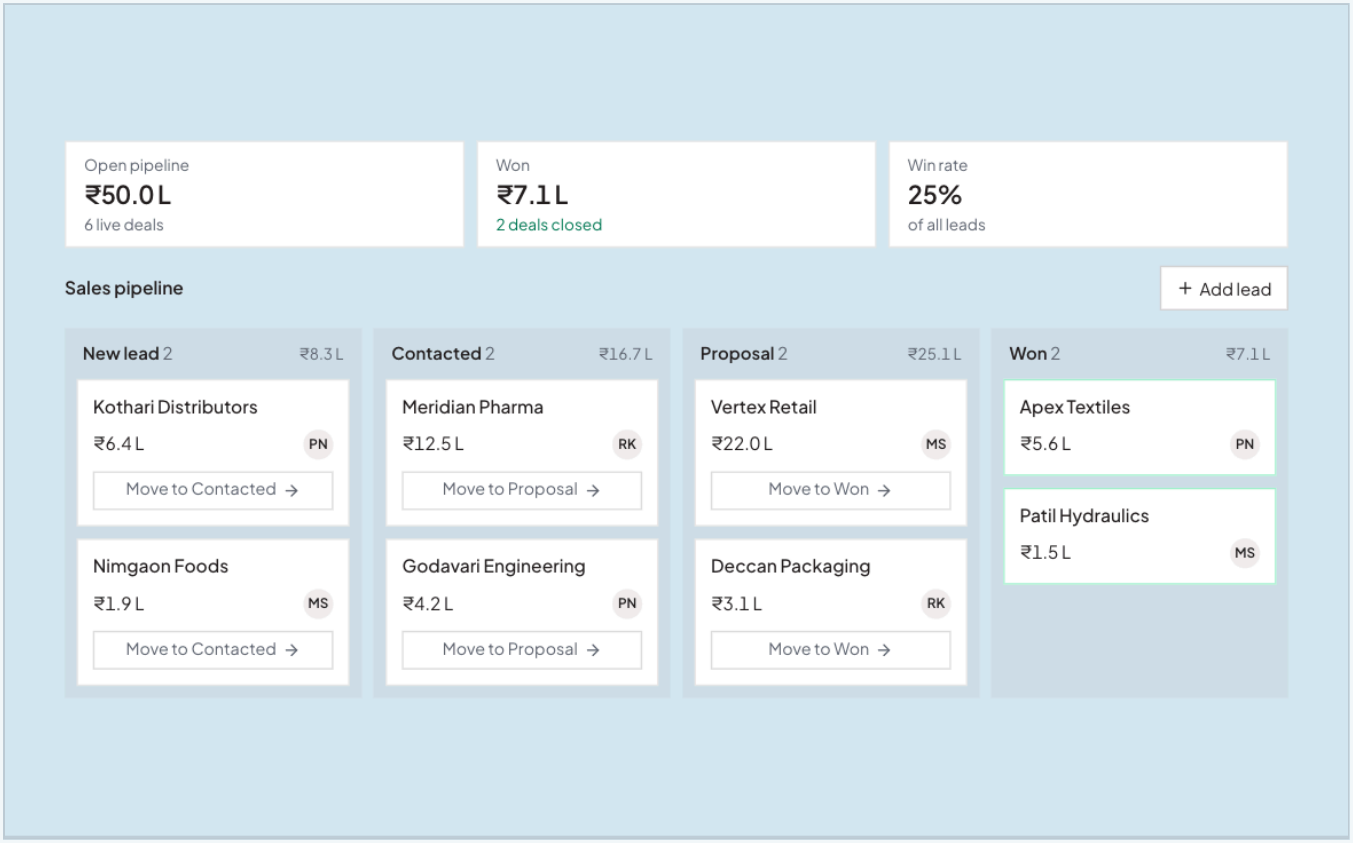

Employee records, attendance, shifts and leave in one system, with the approvals and policies written into it so they are applied the same way every time.

**Built for** Teams from ten to a few hundred people

INCLUDES

- ✓Employee records
- ✓Attendance
- ✓Shift rosters
- ✓Leave and approvals
- ✓Biometric integration
- ✓Payroll-ready data

# CRM

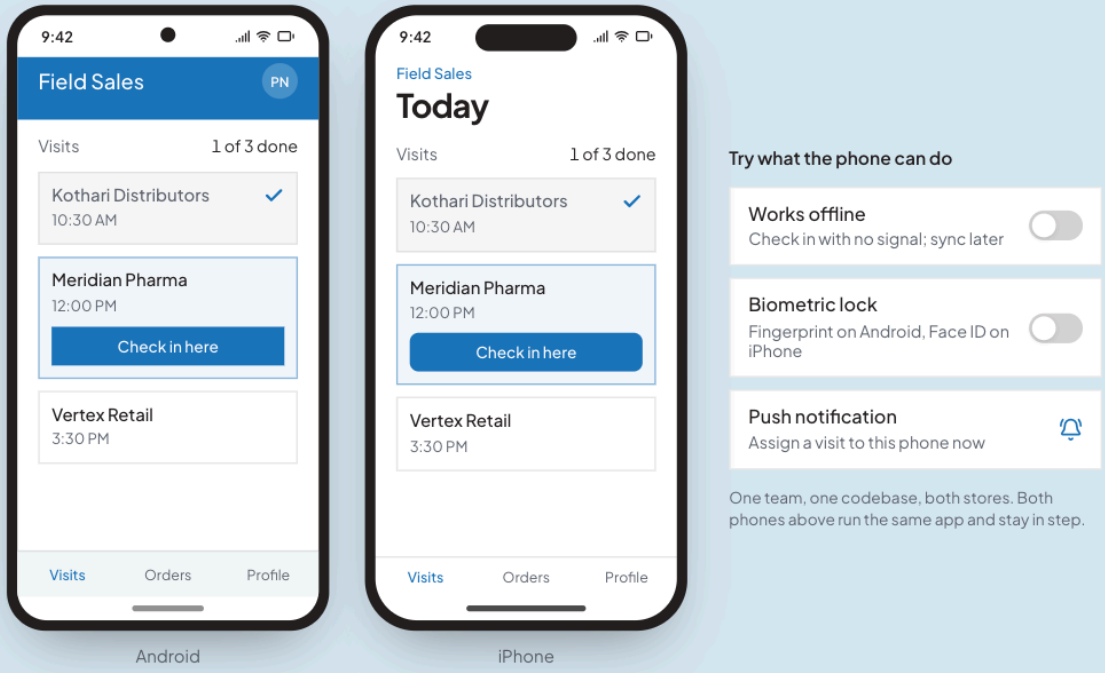

Leads, quotes and follow-ups in one pipeline built around the way you sell, with the reports a sales head needs on a Monday morning.

**Built for** Sales teams in manufacturing and distribution

INCLUDES

- ✓ Lead capture
- ✓ Pipeline stages
- ✓ Follow-up reminders
- ✓ Quotes linked to deals
- ✓ Targets and owners
- ✓ Connects to your ERP

# Android & iOS apps

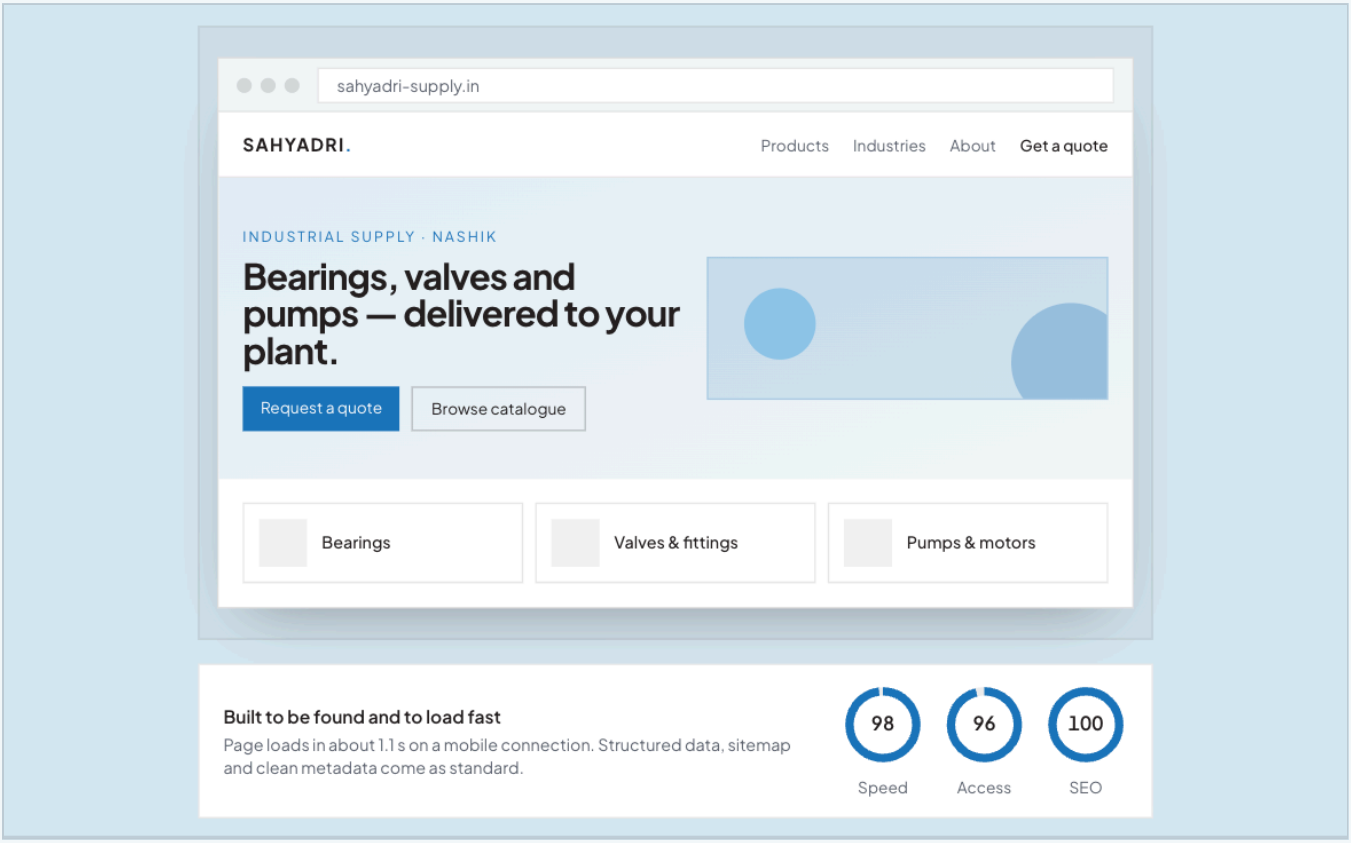

Android and iOS apps for field staff, delivery partners and customers, built to keep working when the signal drops and to plug into the systems you already run.

**Built for** Field teams, delivery partners and customers

INCLUDES

- ✓ Android and iOS
- ✓ Offline work
- ✓ Push notifications
- ✓ Biometric login
- ✓ Camera and scanning
- ✓ Connected to your systems

# Websites

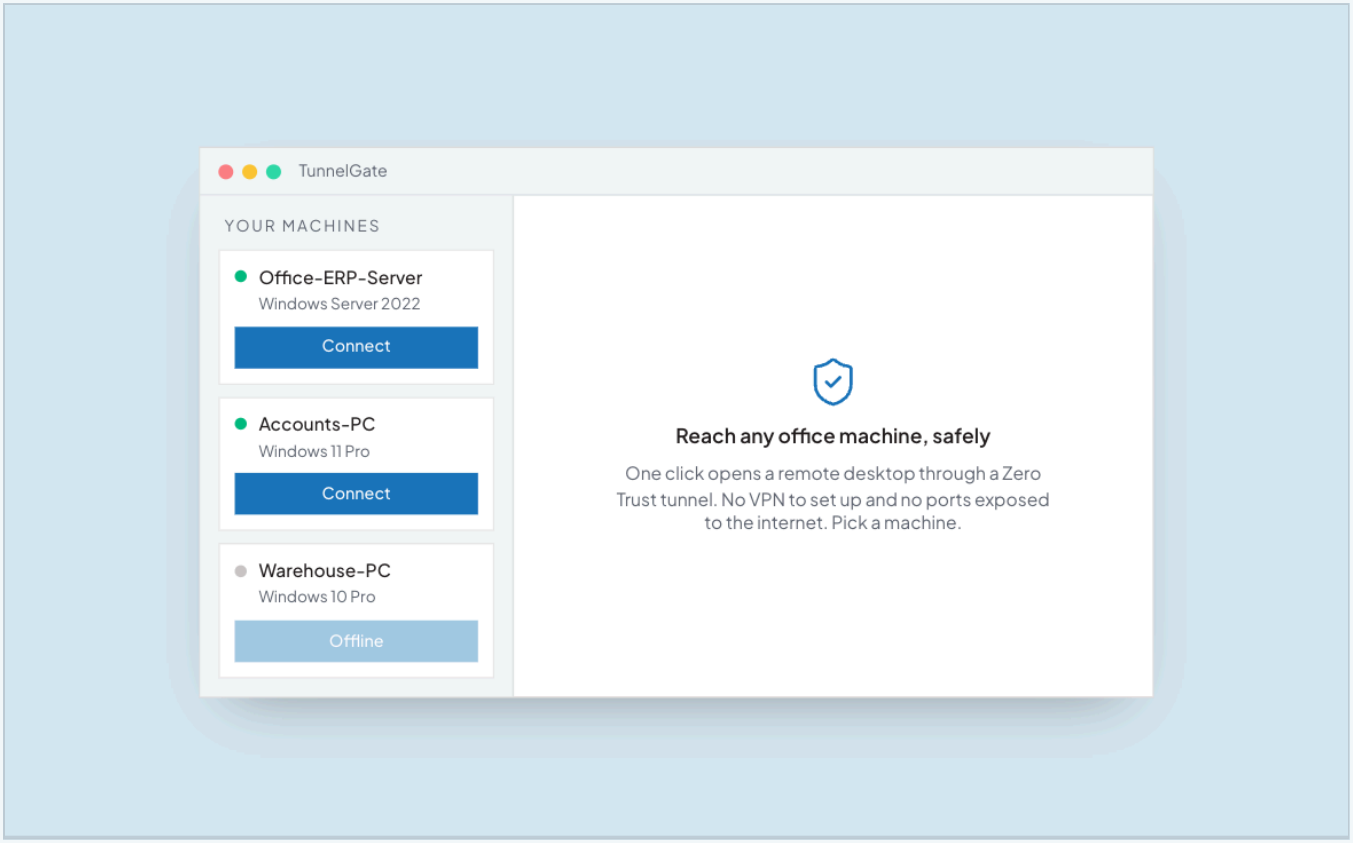

Business websites and customer portals that are responsive on every screen, structured for search, and simple for your team to keep up to date.

**Built for** Companies and customer portals

INCLUDES

- ✓Responsive design
- ✓SEO foundations
- ✓Fast loading
- ✓Customer portals
- ✓Enquiry forms
- ✓Easy updates

# TunnelGate

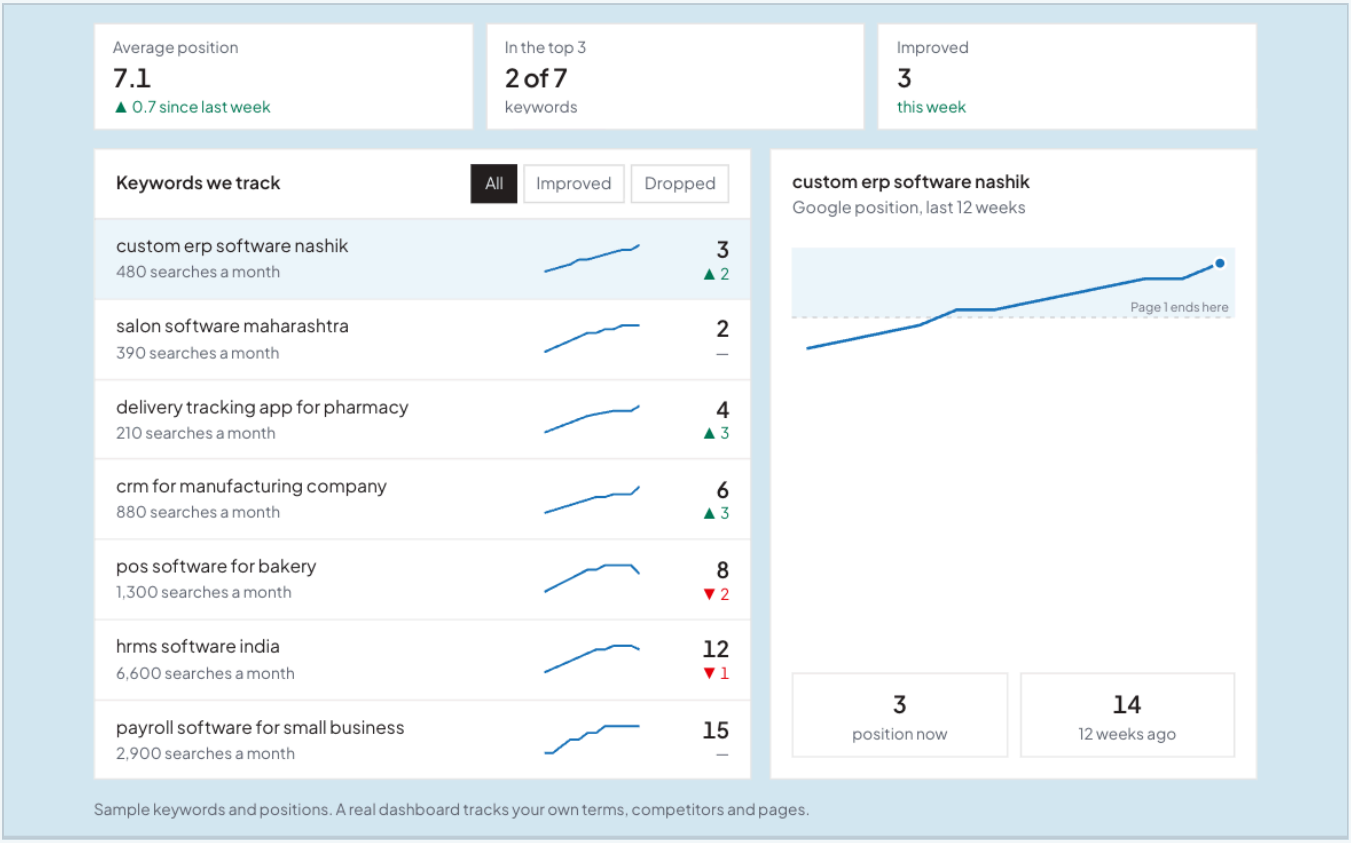

TunnelGate opens a remote desktop to your office computers through a Cloudflare Zero Trust tunnel. There is no VPN to manage and no port exposed to the internet.

**Built for** IT teams and remote staff

INCLUDES

- ✓ One-click RDP
- ✓ Zero Trust tunnel
- ✓ In-app viewer
- ✓ Native full-screen
- ✓ Cross-platform
- ✓ Your machines, your list

# SEO & SERP tracking

Sample keywords and positions. A real dashboard tracks your own terms, competitors and pages.

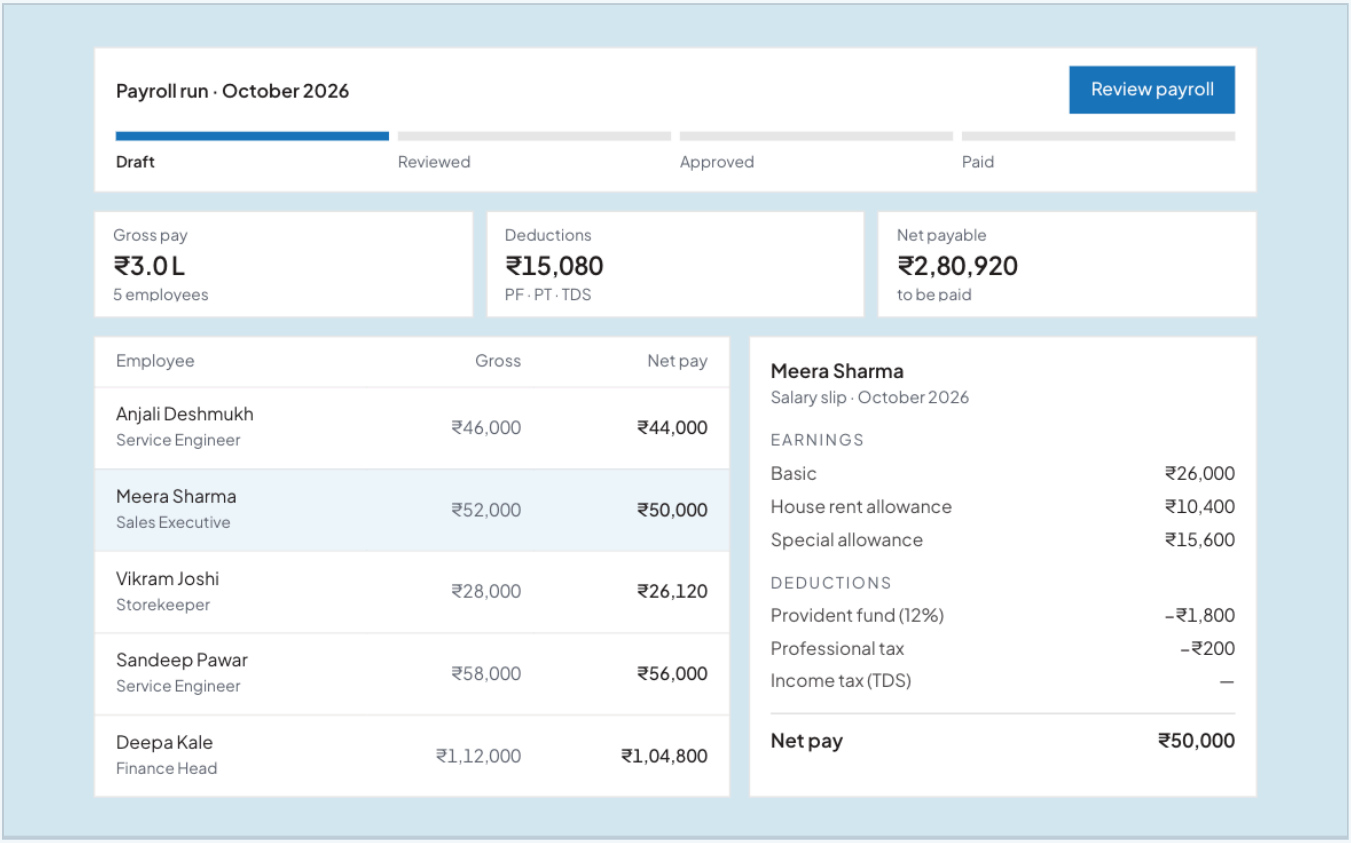

Track the keywords that matter to your business, see which ones moved, and know whether the work behind them is paying back.

**Built for** Marketing and growth teams

INCLUDES

- ✓Keyword positions
- ✓Weekly movement
- ✓Page-one tracking
- ✓Search volume
- ✓Trend history
- ✓Reports by email

# Payroll

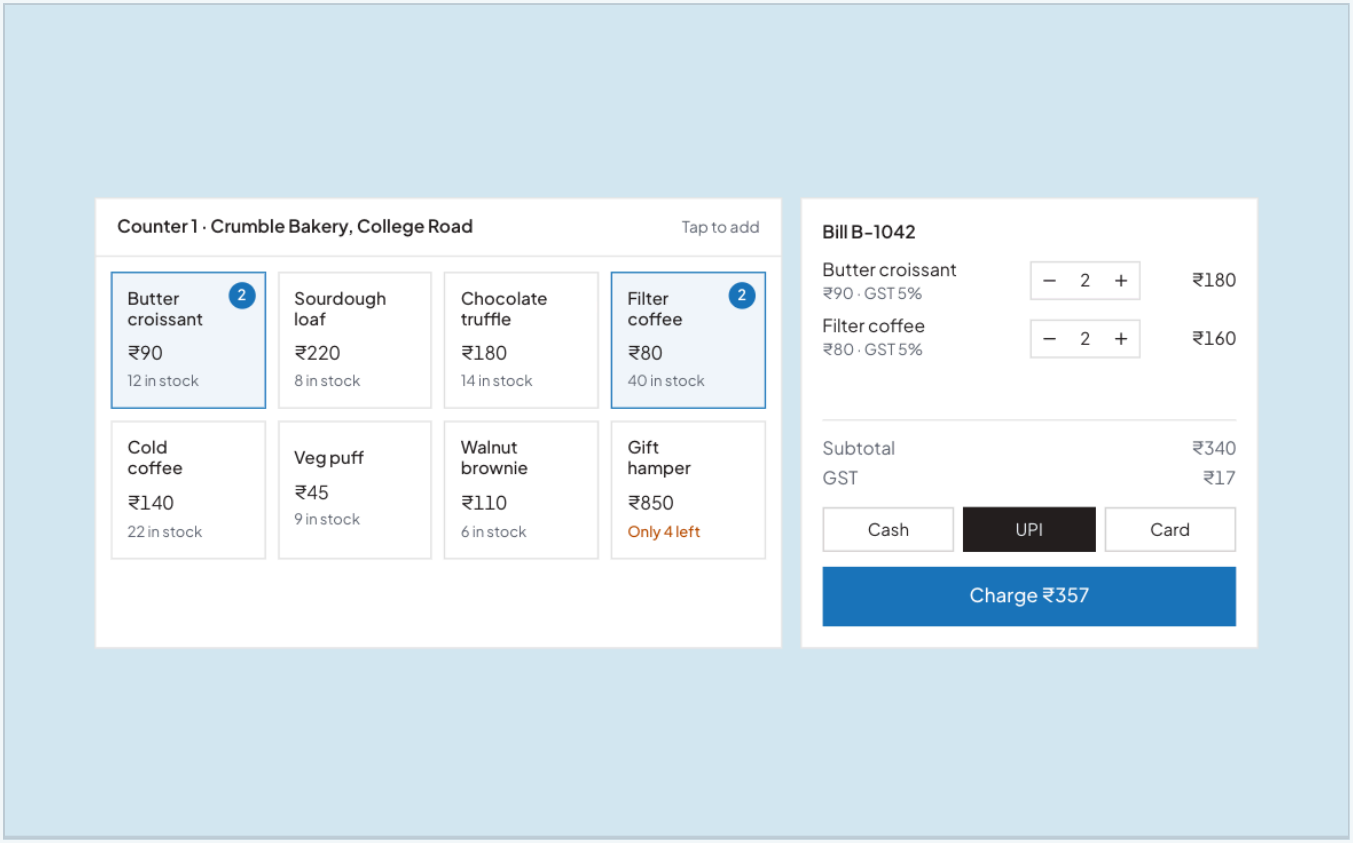

Monthly salary runs with PF, professional tax and TDS handled, an approval step before any money moves, and payslips that reach everyone automatically.

**Built for** Finance and HR teams

INCLUDES

- ✓ Salary structures
- ✓ Statutory deductions
- ✓ Approval workflow
- ✓ Payslips
- ✓ Bank transfer file
- ✓ Attendance and leave linked

# POS

Fast billing with GST, UPI, card and cash, and stock that updates with every sale across every outlet.

**Built for** Bakeries, cafés and retail outlets

INCLUDES

- ✓Fast billing
- ✓GST built in
- ✓UPI, card and cash
- ✓Live stock
- ✓Recipes and raw materials
- ✓Multi-outlet control
